Dear Doctor,

Re: Janet Jones. 12 Grange Rd, Sticksville, QLD 4812

Would you please see this 27 year old solicitor in your gynaecology clinic? She presented to me complaining of deep dyspareunia of 3 month's duration. She has a regular menstrual cycle and her periods are not too heavy. She is otherwise fit and well and on examination her uterus is normal sized.

Many thanks for your expert opinion.

Kind regards,

Dr Ranzcog
